Premium Electronic Smart Bidet

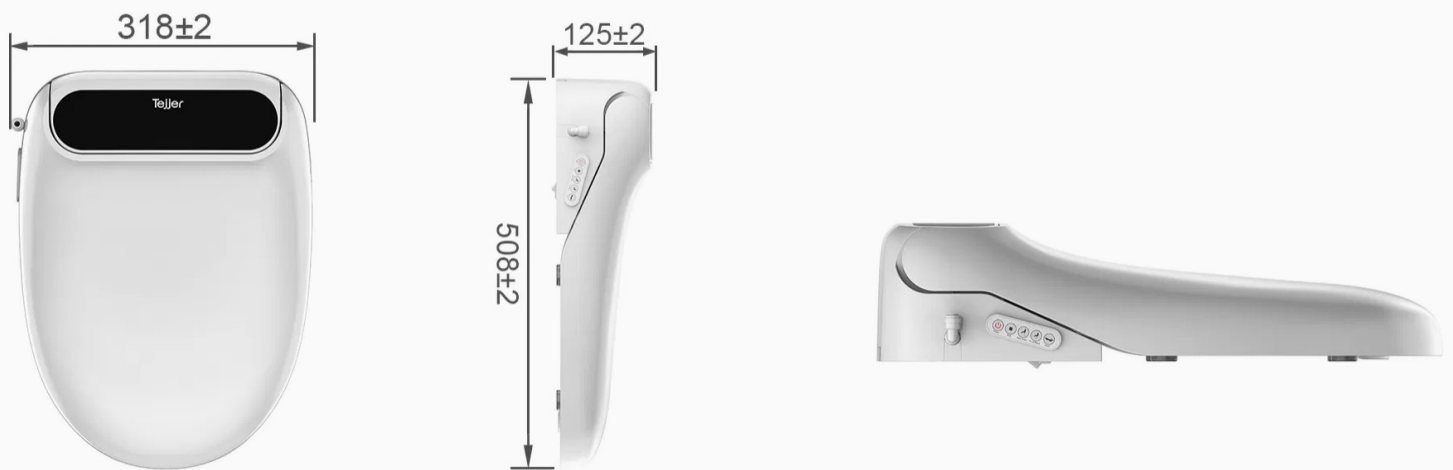

Product Overview

Premium Electronic Smart Bidet | TB-320ZD

Engineered for exceptional comfort, hygiene, and intelligent functionality, this premium electronic smart bidet combines advanced cleansing technology with modern convenience to deliver a superior bathroom experience.

Designed with instant water heating, a heated seat, warm air dryer, wireless remote control, and multiple personalised washing modes, the unit provides year-round comfort while promoting improved personal hygiene and reduced toilet paper consumption.

Manufactured using premium materials and equipped with intelligent safety systems, self-cleaning technology, and energy-efficient operation, this smart bidet is suitable for luxury residential homes, hotels, premium apartments, healthcare facilities, and high-end commercial developments.

Key Features

▸ Instant Water Heating

Provides continuous warm water using an instant heating system without the need for a storage tank.

▸ Heated Seat

Adjustable seat temperature delivers year-round comfort with even heat distribution across the seating surface.

▸ Warm Air Dryer

Integrated warm air drying system with adjustable temperature settings reduces the need for toilet paper.

▸ Wireless Remote Control

2.4G wireless remote provides convenient control of all washing, drying, heating, and comfort functions.

▸ Multiple Washing Modes

Rear wash, front wash, child wash, powerful wash, massage wash, and oscillating wash functions for personalised hygiene.

▸ Adjustable Water Temperature & Pressure

Allows users to customise water temperature and spray pressure for maximum comfort.

Key Features (continued)

▸ Adjustable Nozzle Position

Spray position can be adjusted to suit different users and personal preferences.

▸ Self-Cleaning Stainless Steel Nozzle

Medical-grade 316L stainless steel nozzle automatically cleans before and after each use for improved hygiene.

▸ UV Nozzle Sterilisation

Optional UVC sterilisation technology disinfects the nozzle after use, helping maintain exceptional hygiene.

▸ Intelligent Air Purification

Integrated deodorising system helps neutralise unwanted odours and maintain a fresher bathroom environment.

▸ Hidden Nozzle Design

The nozzle remains protected inside the unit when not in use, reducing contamination.

▸ Heated Seat Temperature Control

Multiple temperature settings allow users to personalise comfort throughout the year.

Key Features (continued)

▸ **Night Light**

Integrated LED night light improves visibility during nighttime use.

▸ **Water-Saving Operation**

Efficient washing technology helps reduce toilet paper consumption while optimizing water usage.

▸ **Auto Power Saving Mode**

Energy-saving functions minimise electricity consumption during periods of inactivity.

▸ **Advanced Safety Protection**

Integrated protection systems monitor water temperature, seat temperature, drying temperature, leakage protection, overheating protection, and electrical safety.

▸ **Premium Soft-Close Design**

Soft-close seat and lid minimise noise while protecting components from unnecessary wear.

▸ **1-Year Manufacturer's Warranty**

Supported by a comprehensive 1-year manufacturer's warranty covering manufacturing defects.

Technical Specifications

Specification	Details
Product Type	Premium Electronic Smart Bidet
Model Number	TB-320ZD
Operation	Electronic
Material	Premium ABS Cover
Nozzle Material	316L Stainless Steel
Hinge Material	Stainless Steel
Colour	White & Black
Shape	Universal Round
User Type	Adult
Power Supply	AC 110V / 220V
Rated Power	120V 1200W / 220V 1520W
Heating System	Instant Water Heating
Water Pressure Range	0.06 – 0.75 MPa
Water Flow Rate	600 – 800 ml/min
Seat Length	500 mm
Product Dimensions	508 × 381 × 125 mm
Net Weight	4.4 kg
Gross Weight	6.5 kg
Remote Control	2.4G Wireless
Warranty	1-Year Manufacturer's Warranty
Country of Manufacture	Zhejiang, China

Packaging

Products are professionally packaged to support safe transportation, efficient warehousing, and retail distribution.

What's Included

- What's Included
- Premium Electronic Smart Bidet
- Wireless Remote Control
- Remote Wall Mount
- Water Supply Hose
- T-Valve
- Mounting Brackets
- Mounting Hardware
- Rubber Sealing Washers
- Power Cable
- Installation Manual
- Warranty Information

Recommended Applications

Suitable for a wide range of residential and commercial environments, including:

- Luxury Residential Homes
- Apartments & Penthouses
- Hotels & Resorts
- Executive Offices
- Premium Guest Accommodation
- Healthcare Facilities
- Assisted Living Facilities
- High-End Residential Developments
- Luxury Commercial Bathrooms

Product Benefits

Designed to deliver exceptional comfort, convenience, hygiene, and intelligent bathroom technology.

- Continuous instant warm water
- Heated seat for year-round comfort
- Warm air drying reduces toilet paper use
- Adjustable water pressure and temperature
- Multiple personality washing modes
- Wireless remote operation
- Self-cleaning stainless steel nozzle
- Optional UV nozzle sterilisation
- Intelligent deodorizing system
- Water-saving operation
- Energy-efficient performance
- Premium soft-close seat
- Low maintenance design
- Suitable for luxury residential and commercial applications

Intelligent Functions

The premium electronic bidet incorporates advanced comfort and hygiene technologies designed to enhance the user experience.

- Rear Wash
- Front Wash
- Child Wash
- Massage Wash
- Oscillating Wash
- Powerful Wash
- Adjustable Nozzle Position
- Adjustable Water Pressure
- Adjustable Water Temperature
- Heated Seat
- Warm Air Dryer
- Self-Cleaning Nozzle
- Hidden Nozzle Protection
- Night Light
- Wireless Remote Control
- Auto Power Saving
- Intelligent Deodoriser
- Optional UV Nozzle Sterilization

Safety Features

Designed with multiple integrated protection systems for safe, reliable everyday operation.

- Overheat Protection
- Water Temperature Protection
- Seat Temperature Protection
- Warm Air Temperature Protection
- Power Leakage Protection
- Anti-Freezing Protection
- Dry Heating Protection
- Overflow Protection
- IPX4 Water Protection
- Flame Retardant Protection
